**WARLIKE MOVEMENTS** CONTINUE IN ORIENT.

Continued From Page One about the alleged instructions given American Consuls in Russia, to report on the prospects of renewed anti-Semitic disorders, and in a curious editorial opposes the sale of the Manchurian Railway, whether to the United States or to China, which, it declares, is advocated in some quarters

RUSSIAN OFFICERS DESPISE THE ENEMY.

Pekin, Jan. 3 .- In the various legations here the opinion is prevalent that war between Japan and Russia is still inevitable This opinion is based on the latest dispatches from Tokio and on the conviction that it is not a question of detail which separates Russia and Japan, but the vital principle as to whether Japan possesses the right to a voice in the settlement of questions connected with the Russian occupation of Manchuria,

Russia all along has denied this right, and, unless her reply shows that she has receded from this position, which is not expected to be the case, it probably will provoke an ultimatum from Japan, whose elermination to resort to arms in support of her claim is unquestioned.

Advices from Manchuria represent the Russian officials there as being surprised at Japan's readiness to fight. They excoment as she did in 1895 when she sur rendered Port Arthur at the bldding of the

the same Powers which aided the Russian Government on that occasion,

Moreover, the Russians have confidence In their ability to win in the event of war. ong the junior officers this feeling takes the form of despising the enemy. General Yuan Shai Kai, Commander in Chief of the Chinese Army and Navy, has nemorialized the throne, praying to be relieved of all his minor offices, so that he may devote all his energies to the reor ganization of the army.

While the Government is determined to remain neutral as long as possible, it fully recognizes the possibilities of becoming involved in the event of war. JAPANESE SEEM

FIRMLY DETERMINED.

EPECIAL BY CABLE TO THE NEW YORK HERALD AND THE ST. LOUIS REPUBLIC. London, Jan. 3 .- (Copyright, 1904.)-Mr. Bennett Burleigh, in a message to the Daily Telegraph, telegraphs as follows: Tokio, Jan. 2.-Russia has sent e further reply to Japan. I understand it is of the usual noncommittal character, mak-

ing merely for delay.
"Within the last week there have been some curious phases of the situation, the Russians declaring here, but more pecially at Pekin and elsewhere in China, that Japan is an insignificant foe, inferior to Russia as regards ships, and in the numbers and quality of soldiers.

"Such speech by Russian officials would seem intended to intimidate the Japanese, but still more the Chinese.

"The Japanese are quite determined and days ago took steps to secure certain of their Korean interests. They do not look for a declaration of war, but Russia will not be allowed to occupy Korean ports, certainly neither Makpho nor Masampho. Both these are being protected against

"Japan means business. A fortnight should show much and to what extent Japan will venture.

'In view of the risk of disturbances breaking out at Seoul, the British warship Sirius has been sent to Chemulpo, but no force will be disembarked or will proceed to the Korean capital unless it is called upon to do so by the Consul to protect the legation, "It is thought Russia, despite her blus-ter, will take no immediate action to pre-vent Japan doing what she considers proper to safeguard her interest in

States Marine Corps has gone to Empire Station on the Panama Railroad, and will inspect that and other stations along the railroad line for the purpose of selecting a suitable camp for the marines from the Dixle. The marines probably will be landed to-morrow. "As for railroad construction, hands are to

# MAY COMPEL CHICAGO THEATERS TO INSTALL STEEL OR IRON CURTAINS:

Chicago, Jan. 3.—All the theater owners whose places were closed Saturday by order of Mayor Harrison have been notified by Building Commissioner Williams to suspend installation of asbestos curtains and other safety devices pending action by the City Council.

"I expect," said he, "that an ordinance eliminating asbestos curtains and requiring instead a sheet steel or iron drop curtain will be introduced and passed at Monday's meeting. In order to save these owners needless expense, I have notified them to take no action until the Council has spoken." When asked if the installation of fireproof curtains would be a sufficient

appliance with the law to allow the theaters to resume business, he said em-

We cannot allow the lesson of the Iroquois horror to go unlearned. Until it has complied in every particular with the least as well as the moreimportant requirements of the law, no theater in Chicago will be allowed to

MAYOR HARRISON'S ARREST. .

Chicago, Jan. 3.-Mayor Harrison • aid to-night that he knew nothing . of the rumor that a warrant is to . be taken out for his arrest.

"One cannot teil," he said, "what

a man who has lost all of his family in a fire like that of Wednesday will do. He could hardly be held responsible for his actions."

Chicago, Jan. 3 .- It was a day of funerals history of the city, all people who desired to bury their dead were unable to do so. The unprecedented demand for hearses and carriages would have been enough in itself to task to the very utmost the resources of the undertakers, but the heavy snow that had fallen during the last two days has increased their difficulties enormously. All of the cemeteries in Chicago are miles from the business center and residence districts, and, with good weather and the streets in passable condition, it is a matter of several hours to reach one of them. To-day, when every hearse was in urgent demand, it required about twice as long to reach a cemetery as under normal conditions.

Arrangements were made by the undertakers to have as many funerals as possible held in the early part of the day, in order to allow, if possible, of the use of the hearse for a second funeral in the afternoon. In a number of cases this was done, but there were instances where the families who were to wait the return of the hearse were disappointed and were compelled to defer the burial of their loved ones until to-morrow.

Is Permitted to Eat Undoctored It is not expected that there will be any further trouble in this direction after today, and by to-morrow the streets to the cemeteries will be in such a condition as to permit of the passage of funerals in

Washington, Jan. 3.—Doctor Wiley of the Bureau of Chemistry has given his class GRAVEDIGGERS WORKED ALL THROUGH THE NIGHT.

> The cemeteries were compelled to keep men at work all through the night digging graves, and in some of the larger cemeteries they barely managed to make them with sufficient spey. At one time this afternoon, fourteen burials were in progress in Rose Hill Cemetery, and all of them were interments of victims of the fire of Wednesday aftermoon.

and New Year holiday, but it is not denied that the primary cause is the threatening condition of health in which the members of the class find themselves after a diet for several weeks of salicylic acid in constantly increasing doses.

For three weeks the chemical boarders will eat "regular," and many a sumptuous meal has been planned.

The class have not taken kindly to the salicylic diet, and have grumbled over it considerably more than they dio over the borax test last winter. No silarm is felt about the condition of their health, and, while the experts are watching them carefully, they have no intention of abandoning the experiments. Doctor Wiley says that everything is natural and normal and as he expected.

"Necessarily," continued the doctor, "the preservative makes them ill as the dose grows larger. Some time ago, the observation table at which the preservative is used, was abandoned, and the boys are now eating food untreated with the acid. This will continue for about two weeks longer.

"The first round of the salicylic acid preservative has been completed, and, when the condition of the boys improves, the second round will begin.

"I am now at work on the principal report of the experiments to be given to Congress. I hope to be able to complete this in three weeks. This report will be thorough and complete."

Only one of the boarders has a good word to say for the salicylic acid diet. He is a clerk who came into the class with a bad case of rheumatism and who, through the action of the acid on his system, finds himself free from his painful aliment.

"They have had the whole class on the salicylic diet for the last six weeks," said one of the boarders to-day, "and they continued the time of giving the dose two weeks longer than usual. About the time this rheumatic man began to get better the rest of us began to feel worse. We grew more ill and our comrade then declared he had shaken his rheumatism entirely and laughed at us. Now, we are on a vacation and getting better." South Side a fraternal society held services over the members of their order at the same time, and all of them were buried side by side in Waldheim Ceme-

The funeral services over the remains of Elia and Edith Freckelton, sisters, were held in Boulevard Hall, at Fiftyfifth and Halstead streets, fully 2,000 persons being in attendance, and 500 more standing outside in the biting wind until the funeral had departed for Oakwood Cemetery.

In the home of the millionaire manufacturer, Ludwig Wolff, at No. 1329 Washington boulevard, was held the quadruple funeral of his daughter, Mrs. William H. Garn, and her three children. A crowd of more than 1,000 persons surrounded the house, and the police were compelled to open a passageway for the pallbearers when they left the house with the caskets. The funeral was one of the largest ever seen on the west side of the city, more than 100 carriages, all private equipages, being in the procession which went to Graceland Cemetery.

A funeral conducted in a humbler manner was held a few squares from the Wolff residence at the same time as that of Mrs. Garn and her three children-that of Mrs. Mary W. Holst and her three children, all of whom died in the ill-fated second balcony last Wednesday afternoon. Mrs. Holst was a sister of ex-Chief of Police Badenoch, and it was he who identified the bodies of the mother and three

Fully as many persons were around the small frame church in which this funeral gathered as outside the pretentious Wolff mansion, and here, as in front of Mr. Wolff's residence, the police were compelled to open a passageway for the caskets as they were borne to the hearses.

children.

DEAD LIST NOW NUMBERS

FIVE HUNDRED EIGHTY-EIGHT. These are but instances of what happened throughout the length and breadth of Chicago to-day. Multiply the funerais mentioned by twenty and a better idea can be had of this first Sunday in the new year. The list of dead was increased to of the parquet," said Mr. Higgins, "and. like most of those on the first floor of the a boy of 4 years, who was severely burned and died in St. Luke's Hospital,

Lemenager, Dorothy, 13 years, Reynolds, Emma, 7 years,

Ludwig, Sadie.

The injured of whom there is any reswell this number greatly. Numbers of people went to their homes after the fire without reporting themselves to the police as injured.

Outside the numerous funerals that were held in the city to-day, it was the firs day of rest the city has known since last Wednesday afternoon. Less than twenty persons called at the office of the Chief and few people were at the hospitals,

John Schmidt, the stage hand who is said to have left open the reflector which is believed to be in hiding in the city, but the Chief of Police received an intimation from his friends that Schmidt will at the Coroner's inquest next Thursday. NO FURTHER ARRESTS OF

There were no more arrests of members of the "Bluebeard" company, and no more are expected unless there should be unexpected developments. Assistant Chief of Police Schuetiler decided to-day that no further obstacle would be placed in the way of members of the company who desired to leave the city.

"I have been assured by Klaw & Er langer." he said, "that every member of the company who is wanted as a witness will be returned from New York, and, with that understanding. I have ordered that there be no further interference with the departure of the company." CORONER'S JURY TO MAKE

THOROUGH INSPECTION.

ing Coroner Traeger and the jury impaneled to sit at the inquest will resume their task of collecting evidence in the theater building. An exhaustive examination of the building will be made, and particular attention paid to any violations of the building ordinances that may be found.

In accordance with the request of the members of the jury, all sightseers, and even watchmen, will be excluded from found in the seat. the building while the examination is in progress. The jury have said to the Coroner that they do not wish any person to hear the questions that they may put to anybody, as they fear publicity will interfere with the thoroughness of the in-

Because of the unlimited scope that the Coroner intends to give to the investigation, it is expected that the work of taking testimony will consume several weeks Contractors and others who can give expert testimony were summoned, and the Coroner to-day issued a notice to all persons who were in the theater, and who made their escape, that he will be glad to have them appear and give their evidence. ORDINANCE TO FORBID

ACCEPTING THEATER PASSES.

From all indications the meeting of the City Council to-morrow night will be taken up entirely by the introduction of FIRE VICTIM'S FUNERAL resolutions relating to the fire in the Iroquois Theater. Ordinances will be prasented covering almost every imaginable detail of the management and equipment of a theater.

Alderman Dunn will introduce an order forbidding members of the City Council to accept passes, either from railroads or places of amusement. Mayor Harrison said to-night:

"I intend to hold a meeting in my of fice to-morrow of the Alderman and, if possible, of all the theatrical managers also. I want to talk over with them what is best to be done. So far, I have acted upon my own responsibility without con sulting any one. There are one or two theaters that could open to-morrow by placing firemen upon the stage, but they must do that. As far as I am personally concerned, not one theater shall open its doors in this city until it has compiled with the last letter of the ordinances."

Evidence That Bodies of Dead Were Desecrated by Ghouls Stirs Chicago.

MANY VALUABLES MISSING.

Rings and Money Supposed to Have Been Inclosed in Envelopes by Authorities Were Never Recovered.

ter Lamsdorff, Minister of the Interior REPUBLIC SPECIAL

Chicago, Jan. 3.-Following its grief, Chicago is destined to be shocked by an infamous scandal growing out of the work of ghouls, who robbed the bodies of the unfortunate dead, Information has come to the police that even the morgues were invaded by men who practiced deception and desecrated the dead to satisfy their

There are said to be 500 complaints. The attention of Mayor Harrison and Chief O'Neil will be called to the matter to day, and a thorough investigation will be made to discover the identity of the

Of the many cases of robbery, those reported by John Rogers, No. 1342 Sawyer avenue, and Doctor Mattox of Montpeller, Ind., are believed to be the most convinc ing that the bodies of the fire victims were despoiled of valuables. Mr. Rogers's wife, a teacher at the Jef-

ferson School, wore three rings the day of the fire. One was set with a diamond, the other two were her engagement and wedding rings. Mr. Rogers found his wife's body at Ro!ston's morgue, where it had been taken after it had been carried out of the theater. The police say they do not know who took the body there. When the bodies were searched at Roiston's Thursday night, under the direction of Lieutenant of Detectives Rehan, Mrs. Rogers was numbered 17. RINGS WERE MISSING.

The articles of identification were put in an envelope and marked No. 17, to correspond with the number at the morgue After much running here and there from the police to the Coroner's office, Mr. Rogers says he was finally given the envelope marked No. 17. In it he fou a collar button, which he readily identified as his wife's. There were no rings, despite the fact that her hands were not burned,

Doctor Mattox was accompanied to Fuffen's morgue, No. 1722 Wabash avenue, by Doctor Spray, for many years connected with the Dunning Asylum for the Insane. He identified the body of his sister, Mrs. Leach. When she left home to go to the fateful matinee, she was known to have (5) concealed in her stocking.

money," said Doctor Spray, "had been
